Dear Mums and Mother Figures,

Here at Shavington Primary School we think that Mum's are very special people. Over the years we have done various things to celebrate Mother's Day. Many schools do not do anything to celebrate these events. We have historically celebrated Mother's Day and Father's Day now for many years, as its something we feel is important and in line with our schools ethos and values. We celebrate by having an open afternoon and all children make cards to take home.

We appreciate and understand that some children may not have a Mum but may well have a Grandma, Nana, Auntie, Sister, Carer or Guardian; someone in their life who is of equal importance providing that female role model, someone very much loved who may wish to attend.

As we will celebrate our Mother's Day on Friday (as close to Mothering Sunday as possible) we thought you might like to join us in our weekly Friday afternoon STEM (Science, Technology, Engineering and Mathematics) sessions.

If you would like to come into school you can work with your child in their class on a STEM challenge. The session will start at 2.30pm and finish at the end of the school day. The gates will be open at 2.30pm so simply come into school and go straight to your child's class and join in!

We hope you can make it and we look forward to seeing you on Friday 9th March.

Please return the slip if you are able to attend.

Following World Book Day, the book fair will also be open from 2.30pm in the KS1 hall so don't forget your world book day tokens and come along with your child to buy a book!
