8th June 2018

Dear Dads and Father Figures,

Here at Shavington Primary School we happen to think that Dad's are very special people. Over the years we have done various things to celebrate Father's Day. Many schools do not do anything to celebrate these events. We have historically celebrated Mother's Day and Father's Day now for many years, as its something we feel is important and in line with our schools ethos and values. We celebrate by having an open afternoon and all children make cards to take home.

We appreciate and understand that some children may not have a Dad but may well have a Grandad, Uncle, Brother, Carer or Guardian; someone in their life who is of equal importance providing that male role model, someone very much loved who may wish to attend.

As we will celebrate our Father's Day on Friday (as close to Father's Day as possible we thought you might like to join us in our weekly Friday afternoon STEM (science, technology, engineering and mathematics) sessions.

If you would like to come into school you can work with your child in their class on a STEM challenge. The session will start at 2.30pm and finish at the end of the school day. The gates will be open at 2.30pm so simply come into school and go straight to your child's class and join in!

We hope you can make it and we look forward to seeing you on Friday 15th June.

Please return the slip if you are able to attend.

.....
Celebration for Father's Day.

Name of child.....Class.....

I am able to attend the Father's Day event (Name & Relationship to child)

.....
Yours Sincerely
Mrs R Nicholls
Head Teacher
