

Shavington Primary School

Pupil Premium Funding Statement 2011-12

The Government believes that the Pupil Premium, funding for which is additional to main school funding, is the best way to address the current inequalities by ensuring that funding to tackle disadvantage reaches the students who need it most.

It has been for schools to decide how the Pupil Premium is spent since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

New measures have been included in the performance tables that capture the achievement of those pupils covered by the Pupil Premium. From September 2012, schools are also required to publish online information about how the premium has been used.

2011 – 2012

Number of pupils on role (October census day) is 208

Number of pupils eligible for Pupil Premium is 18 eligible pupils + 2 service

In 2012-13 Shavington Primary School was allocated **£9,184** and have prioritised the use of the Pupil Premium as follows:

- Free School Meal (FSM) pupils who are under-achieving.
- To support funding to allow those children with under developed social skills to access sessional support
- Supporting learning through programmes delivered to individual or small groups for those children who need a boost to their learning in order to reach their potential, or who require 'gaps' to be closed in their learning.
- Supporting children's learning in the classroom with additional adults

In preparation for 2012-13, we will review the impact of the measures listed above to ensure that they continue to represent both value for money and have played a direct role in improving the achievement and outcomes of appropriate pupils of all abilities.
